

THE GARLAND GLOBE
INDEPENDENT.J. A. WIXOM, Editor and Mgr.
Telephone No 22k
(Formerly Wyatt's Butcher Shop.)

Entered as second-class matter February 17, 1906, at the post office at Garland, Utah, under the Act of Congress of March 3, 1879.

Saturday, Nov 17, 1906

Now that the pay rolls of The Utah Sugar Co. are circulating the cash in our town, don't forget that the Amusement Hall is unpaid for and a few dollars from each of us will cancel the debt.

Why call this precinct Sunset? Garland precinct would be more appropriate. We suggest that the Precinct chairman or the political parties get together and formulate a petition, to be signed by the voters of the precinct, requesting the Board of County Commissioners to change the name of this precinct from Sunset to Garland. Do it now.

The November pay-days of The Utah Sugar Co. were record-breakers. Saturday, Nov. 10th, the company paid out to the employees \$15,000 and Thursday, Nov. 15th, to the farmers of the Bear River Valley \$256,000; a total of \$271,000. This large sum distributed in one month gives an idea of the immense amount of money circulated in our city and valley during the campaign. Garland and the Bear River Valley has just reason to be proud of the Sugar factory. The beet are nearly all dug although quite a large per cent are pitted in the fields awaiting room at the factory sheds. The factory has been running at over capacity every day since the campaign opened. From all indications the run will continue until nearly the 15th of January.

Why is our town in darkness?—The Utah Sugar Co. will furnish plenty of light if the Town Board will replace the burned out lights and our city will present a brighter and more attractive appearance. As ye editor was returning from Brigham Sunday night, two gentlemen from the east sat near by and when the train stopped at Tremont they were heard to remark: "This seems but a small place—no lights in evidence." As they neared Garland the first thing to attract their attention was the Sugar factory all aglow with electric lights and the numerous cottages of our town lit up with electricity. One of them was heard to say "This is quite a good-sized town—see the big factory and the houses all lighted with electricity." Ye editor only wished that each lamp on the corners of our streets were likewise aglow so our town would have appeared to these gentlemen and all who pass this way in its true light. The OSL depot would present a more welcome and inviting appearance to incoming passengers these dark nights if a few electric lights were placed within and around the building.

Cut this out and take it to Riter Bros. drug store and get a free sample of Chamberlain's Stomach and Liver Tablets. For biliousness and constipation they are unequalled. They improve the appetite, strengthen the digestion and regulate the liver and bowels.

MARKET REPORT.

Special to the Garland Globe:—

Kansas City Stock Yards, Nov. 5, 1906.—Cattle receipts have been moderate since last Monday, including today, with a run of 17,000 head. Total supply last week was 70,000 head, including 10,000 calves. The market has been firm all the time, steady to strong today. A large share of the supply has come from Colorado, New Mexico and the panhandle, and salesmen are a unit in saying present condition of the market is about the best of the season on the range cattle. Country buyers have been taking the Colorado feeders readily at 3 75 to 4 20, and New Mexico stockers have sold up to 4 00. Five car loads of panhandle calves sold at the highest price of the season, Friday, the steer calves at 4 50, weighing 381lb, the heifers at 3 70, weighing 376lb. Other sales of stockers ranged downwards to 3 00 and calves down to 2 50, but as a general thing range cattle are bringing 3 00 to 5 00 per head more this fall than last. A feature last week was the sale of sixteen cars, 375 head, of Baer Brothers beef steers, 1145lb, at 4 20 without a single animal being cut out. They were from the White River country in Colorado. Colorado cows are selling at 2 65 to 3 35, panhandle and New Mexico cows 2 40 to 3 00, bulk close to 2 75. Railroads claim they have enough business from the range in sight to last a month yet. Sheep supplies are gradually growing smaller, 27 000 head here last week, run less than 3000 today. Prices advanced 15 to 25 cents last week, market strong to 10 higher today. Utah and Colorado lambs are selling at 7 00 to 7 40, but are not very good, choice natives selling at 7 50 to 7 60. Some medium Arizona lambs sold lately at 6 85. Good to choice wethers bring 5 75, yearlings up to 6 00, ewes 5 15 to 5 40. Feeding lambs sold freely last week at 6 00 to 6 10, but other grades of country stuff is poor quality and sells at 4 00 to 5 00. Prospects favor small runs here for some time, and a strong demand is inevitable.

Down on the Beach.

Miss Passe—I don't see why the men should snub me. Last year they said I was a peach.
Miss Tabasco—Yes, but last year's peaches are not very much in demand this year, you know.

Wanted:—A correspondent to send us a few items weekly from each of the following places:—Deweyville, Fielding, Elwood, Pt. Lookout, Thatcher, Penrose, Corinne, Collinston, Bear River City, Fremont and other surrounding places. Your town ought to be represented in this paper. Why not interest yourself in telling us what is doing? We will send the paper free to all correspondents and give you some paper and envelopes if you will act. Write us a letter for publication and help us build up the Great Bear River Valley.

Taking Things Too Seriously.
Miss Jenks—Have you really broken off your engagement to him?
Miss Flytie—Oh, yes. I just had to. He was getting too sentimental—began to talk to me about matrimony.
